11. Revision
12. Examination/ Closure

SECURITY EDUCATION
1ST TERM JSS2

1. Resumption
2. Common Crimes- Meaning and Types
3. Common Crimes- Punishment for common crimes
4. Common Crimes – Different ways of reporting common crimes
5. Common Crimes – Different Ways of observing common crimes.
6. Common Crimes- Ways of detecting Common Crimes
7. Mid Term Test and Break
8. Common Crimes – Ways of responding appropriately to common crimes
9. Police and security response
10. Vigilante Services- Meaning and forms
11. Revision
12. Examination
13. Closure

SECURITY EDUCATION
2nd TERM JSS2

1. Resumption
2. Emergency Management- Meaning of emergency Management
3. Emergency- Types of emergency management, fake drugs, accidents, fire out
beak, drowning, building collapse, food poisoning etc
4. Emergency- Accidents
5. Emergency- Fake Drugs
6. Emergency- Drowning
7. MID TERM BREAK/TEST
8. Emergency- Flooding
9. Emergency- Building Collapse
10. Emergency- Food poisoning; Appropriate actions to manage it
11. Revisions
12. Examination
13. Closure

SECURITY EDUCATION
3rd TERM JSS2

1. Resumption
2. Emergency- Appropriate response to emergency management by police
3. Emergency- Response to the community security agents
4. Emergency- Emergency Management by the nations
5. Emergency- Appropriate actions by the community
6. NEMA-Meaning and functions
7. MID TERM BREAK
8. SEMA- Meaning and functions
9. Emergency – Reasons for the formation of emergency
10. Emergency- Ways of reacting to emergency situations
11. Revisions
12. Examination
13. Closure.

COMPUTER STUDIES
1st TERM JSS2

1. Computer Software (i) – Definition (ii) Definition of software (iii) Examples
2. Types of software (i) System softwares (operating System) (ii) Application Software (Word Processing Sheet)
3. Operating Systems (i) Definitions of an operating System
4. Examples of an operating system (Dos, Windows etc.)
5. Functions of an operating System
6. Units of storage in Computer (i. Nibbles byte, Kilobyte, Megabyte etc.)
7. MID TERM TEST/BREAK
8. Computer Programmes (i. Meaning of computer programmes. (ii) Examples (Basic, Cobol)
9. Basic programmes
10. Basic Language (i) Meaning of Basic (ii) Basic Character Set (iii) Key Basic Statement (iv) Simple basic statement
11. Revision
12. Examination

COMPUTER STUDIES
2nd TERM JSS2

1. Computer Ethic
 - Responsible use of computer and Internet
 - Avoid liquid dropping into the system
 - Using dust cover
 - Protection from power problem
 - Unplug the system when not in use etc.
2. Abuse/Misuses of Computer
3. Safety Measures
 - The good sitting posture
4. Using the Anti- glare protector
 - Positioning the monitor base
 - Illuminating the computer room
 - Maintaining a dust free environment
 - Keep liquids away from computers
5. Graphic Package
 - Meaning of Graphic Package
6. Examples of graphic package
 - Paint, Corel draw, Instant Artist and Adobe Photoshop
7. MID TERM BREAK/TEST
8. Features of Graphic Package
 - Toolbar, Menu bar , Printable Area, Colour Pallate
9. Paint Environment
 - The paint
 - Paint tools
10. Functions of paint tools
11. Revision and Examination Closure.

COMPUTER STUDIES
3rd TERM JSS2

1. ICT as transformation tool
 - Meaning of ICT
2. Examples of ICT
 - Computer
 - Telephone
 - Cellular
 - Satellite Communication
 - Television
 - Internet
3. Benefit of ICT (Advantages) Gadgets
4. Disadvantage-----s of ICT
5. ICT Gadgets
 - GSM
 - Fax Machine
 - Telephone etc
6. Internet
 - Definition of terms
 - Internet (the largest network in the world)
 - E-mail address
7. MID TERM TEST/BREAK
8. Internet Browser
9. Benefits of Internet
 - Information exchanges
 - E-learning and E-entertainment
10. Internet Environment (i) Characteristics/features (ii) Uses of internet
11. Revision
12. Examination
13. Closure

Physical and Health Education

1st Term JSS2

1. Resumption Exercise and copying of the scheme of work
2. Recreation and Recreational Activities – Meaning, Two major types of recreation- Indoor and Outdoor recreational activities.
3. Table Tennis- Brief history, facilities, equipment's.
4. Table Tennis- Skills, Rules and Officiation
5. Tennis Game- Brief history, Facilities, equipment, court dimension.
6. Tennis Game- Skills, Rules and Officiation
7. Mid-Term Test/Break
8. School Health: Meaning, component of school health. Fresh approach to school health programme.
9. Environmental Pollution: Meaning, Types of environmental.
10. Karate: Brief History, Facilities, equipment skills, rules and officiation.
11. Revision
12. -13 Examination
13. 14. Closure

Physical and Health Education

2nd Term JSS2

1. Resumption Exercise, copying of scheme of work and compound cleaning
2. Safety Education; Definition of safety education, Accident, Types of accident and measures of prevention.
3. First Aid Treatment: Definition, objectives, principles of first aid and qualities of a good first aider.
4. Common Sport Injuries: Meaning and causes.
5. Computer Game: Type, Definition, Importance and benefits.
6. Posture and Postural Defects: Meaning, kinds of posture and skill. Types of postural defects, causes and prevention.
7. MIDTERM TEST/BREAK
8. Basketball: Brief history, facilities, equipment court dimension
9. Basketball: Skills, Rules and Officiation.
10. Revision
11. -13 Examination
12. 14. Closure

Physical and Health Education

3rd Term JSS2

1. Resumption Exercise, Copying of scheme of Work and Compound cleaning.
2. Sport Laws: Definition of Term, Tort, Negligence, Legal liability, Assault in sports.
3. Human Trafficking, health implication and solutions.
4. Issues and challenges in physical and health education. Issues and challenges in promotion of sports.
5. Hand Ball Games: Brief history, facilities, equipment and court dimension.
6. Hand Ball Game: Basic Skill, rules and officiation
7. MID TERM TEST/BREAK
8. JUDO: Brief history, facilities, equipment, skills, rules and officiation.
9. Career branches, Definition, branches e.g Sports medicine, psychology, sport sociology etc
10. Solution to Child Abuse- Meaning of Child abuse, Types and Consequences
11. Revision
- 12.-13 Examination
- 13.14. Closure

SOCIAL STUDIES

1st Term JSS 2.

1. Resumption Exercise
2. Objectives of Social Studies
3. Objectives of Social Studies
4. Advantages of Living together in the family
5. Meaning of Family bond and cohesion; Strong ties that recognized and respect individual's member rights.
6. Importance of good family reputation
7. MID TERM TEST AND BREAK
8. Meaning of Marriage
9. Purpose of Marriage
10. Conditions for Marriage
11. Revision
12. Examination
13. Closure

SOCIAL STUDIES

2nd Term JSS 2.

1. Resumption exercise, review of last term's work, copying of the scheme of work.
2. Conditions for Marriage continues.....
3. Effects of Lack of Readiness on Marriage
4. Effects of Lack of Readiness on Marriage continues
5. Meaning of Group Behavior
6. Types of Group Behavior.
7. MID TERM TEST AND BREAK
8. Characteristics of the different group behavior
9. Characteristics of the different group behavior
10. Benefits of Group Behavior
11. Revision
12. Examination
13. Closure

SOCIAL STUDIES

3rd Term JSS 2.

1. Resumption exercise, review of last term's work, copying of the scheme of work.
2. Meaning of Drug abuse/ Substance Abuse
3. Forms of drug Abuse
4. Consequences of Drug Abuse.
5. Ways of discouraging drug Abuse
6. More ways of discouraging drug Abuse
7. MID TERM TEST AND BREAK.
8. Meaning of Drug Trafficking
9. Reasons for Trafficking in drugs
10. Dangers of drug trafficking
11. Revision
12. Examination
13. Closure

MATHEMACTICS.

1st TERM JSS2

1. Resumption exercise, review of last term's work, copying of the scheme of work for the term.
2. Whole numbers I) in standard form II) Decimal Numbers in Standard form III) Prime factors IV) Prime factorization.
3. Whole Numbers continued..... I) L.C.M II) H.C.F III) Squares and Square roots IV) Quantitative reasoning.
4. Fractions I) Expressing fractions as ratio: decimals and percentages II) Quantitative reasoning of fractions/ratios and percentages.
5. Fractions I) Expressing decimal to fraction; percentage decimal , percentage to fraction II) Quantitative reasoning on decimal percentage and fractions
6. Approximation I) Approximation of numbers to a) decimal places b)significant figure II)Quantitative reasoning.
7. MID TERM TEST BREAK
8. Addition and subtraction of direct numbers I) Addition of directed numbers eg. +1, +2 II) Number Line. III) Subtraction of Directed Numbers, using Number Line eg. (-3)+(-2)
9. Multiplication and division of directed Numbers. I) Square and square roots tables II) charts, records, and schedules. III) Multiplication and division of directed Numbers.
10. Operation of directed Numbers and approximation. I) Round off II) Nearest whole Number III)Nearest tens , hundreds, and thousands
11. Revision
12. Examination and marking
13. Computation of Results and closure.

MATHEMATICS.

2nd TERM JSS2

1. Resumption exercise, review of last term's work, copying of the scheme of work for the term
2. Transaction in the home and offices I) Household arithmetic II) Commercial
3. Transaction in the home and office continued.....
4. Algebraic expressions I) Expressions of algebraic expressions II) Factorization of Algebraic expressions III) Expansion and factorization quadratic expression
5. Algebraic expressions continued..... I) Quantitative reasoning II) Algebraic Expression of fractions with monomial denominators III) Word problems leading to simple algebraic expression
6. Simple equations , Problems on simple equations
7. MID TERM TEST/BREAK
8. Simple equations I) Simple Equations involving fractions II) Simple equations involving word problem.
9. Linear inequalities I) Linear inequalities in one variables II) Graphical representation of solutions of linear inequalities in one variables III) word problems
10. Graph I) plotting points on the Cartesian plane II) Graph of linear equations in two variables III) linear graph from real life situations IV) quantitative reasoning
11. Revision
12. Examination, Marking
13. Computation of results and Closure

MATHEMATICS.

3rd TERM JSS2

1. Resumption exercise, review of last term's work, copying of the scheme of work for the term.
2. Plane figures / shapes I)properties of parallelogram, rhombus and kite II) Scale drawing
3. Plane figures/Shapes continued..... I)properties of triangle, rectangle, and circle II)scale drawing
4. Angles; sum of Angles in a polygon
5. Angles; Angles of elevation and depression.
6. Bearing
7. MID TERM TEST\BREAK
8. Construction I) Constructing triangles II)Bisecting angles
9. Data Representation I) Ordered representation of data. II) frequency tables III)pie charts IV)Charts, records and Schedule
10. Probability I) Occurrence of Chance event in everyday Life II)Probability of Chance events
11. Revision
12. Examinations
13. Marking, Compilations and computations of results and closure.

HOME ECONOMICS (PSV1)

1st TERM JSS2

1. Family resources: Meaning and types of family resources
2. Decision Making: Meaning and steps in decision making
3. Simple personal and family decisions
4. Household Linen: Types of Household Linen
5. Factors that enhance the selection of household linen
6. Maintenance of household linen
7. Midterm Test and break
8. Family Clothing, repairs and storage
9. Family clothing, repairs and storage
10. Revision
11. Examination
12. Closure

HOME ECONOMICS (PSV1)

2nd TERM JSS2

1. Body Measurement: Taking body measurement
2. Pattern Drafting: Meaning of Pattern drafting and fashion designing
3. Basic pattern drafting: Drafting basic bodice pattern
4. Drafting of Basic skirt patterns
5. Drafting of Basic bodice patterns (Practical)
6. Mid-Term Test and Break
7. Drafting of Skirt Pattern, Drafting Basic Skirt pattern (B) Using Instructions to sketch the styles
8. Protection of human rights and the rule of Law (b.) Ways of protecting human rights (c) Representing the affected persons in court (d) Drawing attention to cases of human right violation through protest matches, media coverage and hunger strikes.
9. Groups that assist in protecting human rights of citizens. Eg. Civil Society, Trade Union, etc.
10. Revision
11. Examination and Closing

HOME ECONOMICS (PSV1)

3rd TERM JSS2

1. Resumption Exercise, copying of the scheme of work
2. Food purchasing, processing, presentation and safety. Meaning of food purchasing, processing and preservation and safety.
3. Perishable and non- perishable foods.
4. Wise buying practices, factors to consider when buying foods and wise buying practices.
5. Food processing methods e.g. Milling, fermentation, etc. an side effects of inappropriate processing of foods
6. Food processing methods e.g. Milling, fermentation, etc. an side effects of inappropriate processing of foods
7. MID TERM TEST/BREAK.
8. Food preservation methods e.g. freezing, sun drying, salting. Etc.
9. Reasons for food preservation and storage
10. How to ensure safety of foods
How to keep food safe
11. Revision
12. Examination
13. Closing

AGRICULTURAL SCIENCE (PVS2)

1st Term JSS 2

1. Resumption test, copying of scheme and revision
2. Farm Building/Structure I)Description II) Eg Of farm Structure; Barn, silo, rhombus, paddock, fish-pond, e.t.c
3. Farm building continued; poultry house , store offer,utility-building, security-building etc.
4. Uses of farm structure and building
5. Maintenance of farm Structure and building.
6. Propagation; meaning & Methods: Sexual and Asexual propagation (Vegetative Organ)
7. Mid Term Test and Break
8. Advantages of Propagation (a) By Seeds (b) By the vegetative Organ
9. Disadvantages of Propagation (a) By Seeds (b) By the vegetative Organ
10. Cultural Practices: Pre-planting Operation, Choice of Site, Plotting etc
11. Revision
12. Examination and Closure

AGRICULTURAL SCIENCE (PVS2)

2nd Term JSS 2

1. Meaning of cultural and pre-planting activities.
2. Planting , post-planting, harvesting and post-harvesting operation timely and date
3. Definition of soil fertility and ways of maintaining soil fertility
4. Definition of feed, types of feeding stock, energy provision
5. Meaning of farm and cropping system; sole farming ,mixed farming and pastoral farming
6. Cropping system crop rotation etc ->Adult and distant.
7. Meaning and system of animal husbandry housing ,feeding and wearing e.t.c
8. Management requirement in “Animal husbandry “Adult and distant and wearing e.t.c
9. Definition of fishery and classification (A) habitat (B) morphology
10. Other Aquatic organisms: uses of fish and fish-products meaning and importance of soil conservation.
11. Revision
- 12 Examination
- 13 Examination and Closure

AGRICULTURAL SCIENCE (PVS2)

3rd Term JSS 2

1 Methods of soil conservation and factors responsible for loss of soil nutrient->Erosion, bush burning etc.

2 Human activities that leads to soil fertility and the effect of soil conservation practice on the environment

3 farm animal practice: meaning, types, effects and method of controls

4 Meaning and purpose of storage.

5 method of storage ->cold storage, silos, cribs and bans e.t.c

6 Disease causing organisms: Definition, group, descriptions and identification of their symptoms

7 symptoms and mode of transmission of disease. ->mid -term test and break.

8 Effects of disease on crop plants and prevention/control methods.

9 Stages of agricultural development in Nigeria ->Subsistence, shifting cultivation, rotational /bush fallowing, crop-rotation

10 Application of science and technology In Agricultural development

11 Revision

12 EXAMINATION

14 Examination and Closure

Basic Science

1st Term JSS 2

1. Compound Cleaning and Resumption Exercise
2. Habitat
3. Adaptation of Habitat and adaptation features
4. Characteristics of organisms in the same habitat and what they have in common.
5. Uniqueness of human beings
6. Growth changes in height, weight, size, development stages in human, infancy, adolescent, Adulthood.
7. Mid Term Break/ Mid Term test
8. Developmental changes- Temporary and permanent. Classifying growth and developmental changes as temporal and permanent.
9. Chemicals- Meaning chemicals. (b) Classes of chemicals, examples of chemicals
10. Revision
11. Examination and Marking
12. Result processing and closing

Basic Science

2nd Term JSS 2

1. Compound Cleaning- Revision of last Term Work. Copying of Scheme of Work and Resumption Exercise
2. Use of chemicals, safety measures when using their chemicals
3. Work, energy and power (b) Meaning of potential and kinetic energy
4. Calculator involving work done
5. Energy transfer when work is done
6. Types of energy. Kinetic and potential energy
7. MID TERM TEST/ BREAK
8. Types of energy (Molecular structure of solid, liquid and gas)
9. Evaporation factors that affects evaporation (Boiling and evaporation)
10. Thermal energy, heat flow, conduction
11. Thermal energy
12. Revision
13. Examination

Basic Science

3rd Term JSS 2

1. Compound Cleaning- Revision of last term work. Copying of scheme of work and resumption Exercise.
2. Uses of chemicals, safety measures when using their chemicals.
3. Work, Energy and power. Meaning of potential and kinetic energy
4. Calculations involving work done.
5. Energy transfer when work is done.
6. Types of Energy. Kinetic and potential Energy
7. MID TERM TEST AND MID TERM BREAK
8. Types of Energy(Molecular structure of solid, liquid and gas)
9. Evaporation factors that affects evaporation(Boiling and Evaporation)
10. Thermal energy, heat flow, conduction
11. Thermal Energy
12. Revision
13. Examination.
